## Arranger's Notes

Written in 1864, *Up on the Housetop* is known as the second oldest secular Christmas song, with *Jingle Bells* being the first. It is also the first Yuletide song to focus primarily on Santa Claus. This popular Christmas song has been sung and recorded many times over the years and can be heard in many radio and television commercials.

## Performance

This piece was set in a jazz swing or shuffle rhythm and style which means that the two eighth notes in a beat are treated as a quarter/eighth triplet. This gives a relaxed, but uplifting feel. Be sure to notice the freely sung section from mm. 31 to 37 where the rhythm changes to straight eighth note rhythm. The swing rhythm immediately returns in m. 38. Enjoy!

## About the Arranger

A classical piano background that began at the age of four coupled with extensive choral accompanying and studies at North Texas State University led to a career that includes composition and arranging for choirs, piano, handbells and solo voice. Vicki Tucker Courtney is a recipient multiple times of the annual ASCAP Plus Awards. Vicki currently writes full time, has played traditional and contemporary church services and tutors students of all ages in the study of the piano and composition. She was mentored by Dove Award winning Mark Hayes in 2002 and in 2004 achieved her first publication of choral anthems. In 2009, Vicki reached her first milestone of 100 published titles, and in 2017 she reached over 350. Vicki now resides in Columbia, TN.

MP3 rehearsal and accompaniments

Go to: [www.BriLeeMusic.com](http://www.BriLeeMusic.com)

Part-by-Part resources were created to allow you, the busy choral director, more time to do the things you need to do to be successful in rehearsal and performance.

Download the following resources and use them to help you TEACH your singers.

- Part-dominant recordings allow your singers to sing along with their part while hearing the other voices in the background.
- Full chorus recordings allow your singers to see and hear the music at the same time for greater insight.
- Professional accompaniments can be used for rehearsal or performance.
